**Implementing Developmental Screening using the
Ages and Stages Questionnaire- Third Edition (ASQ-3)**

Target audience: Child Care Providers, Home Visitors, and Other Early Learning and Development Professionals

The importance of screening and early intervention cannot be over emphasized. Oregon's child care providers, home visitors and other learning and development professionals are in a unique position to identify developmental delays early. In this interactive, practical, hands-on session, participants will explore current health and early learning polices promoting developmental screening and examine implementation of Ages & Stages developmental screening including the ASQ Oregon website. Participants will also explore strategies to expand skills for engaging families around screening results and build capacity to navigate community resources and make referrals.

- Sherri L. Alderman, MD, MPH, IMH-E, FAAP
Child Development Coordinator
Transformation Center, Oregon Health Authority
- Liz Twombly, M.S.
Sr. Research Assistant, Early Intervention Program, University of Oregon

**THIS IS A FREE TRAINING
and Set 2: Intermediate Training**

(3 hrs: Observation & Assessment & 1 hr: Families & Community Systems)

Already using the ASQ-3?

Come for a refresher and you'll also learn about local resources and how developmental screening fits with recent transformation efforts.
